Dear Mudashiru Olakunle Akanji,

INTERNSHIP OFFER

We are delighted to offer you a 6-weeks internship as a Breeding Assistant at Apex-Agric, which is scheduled to commence on 11.09.2023 and concluded on 20.10.2023.

During your internship, you will work closely with our experienced breeding team. Your primary role as a Breeding Assistant will involve assisting in the selection of breeding stock, monitoring breeding cycles, and supporting the implementation of breeding strategies to enhance desirable traits in our poultry and catfish populations.

Your internship will encompass various aspects of our breeding programs, including data collection, analysis, and presentation of findings to inform our decision-making processes. This comprehensive experience will expose you to hatchery management, feeding and nutrition, health and disease management, and potential involvement in research and development projects.

Our team is dedicated to providing you with guidance, training, and support throughout your internship, ensuring a valuable learning experience. We believe that your commitment and contributions to your assigned tasks will significantly impact our breeding programs and contribute to our overall success.

Once again, congratulations on your internship placement, and we wish you a rewarding and enriching experience with Apex-Agric.

Yours sincerely,
For Apex Agric

Alonge Tope Rilwan
Manager
